Dear Friend of the Council:

We hope you can join us for the **31st Annual Jim Bradshaw Memorial Stars in Recovery Luncheon on Tuesday, May 14**. Since its inception, the annual Stars in Recovery Luncheon has featured well-known and beloved celebrities speaking publicly about their struggles and triumphs over alcohol substance misuse and mental health issues.

If you haven't read one of his books, you have probably heard of this year's keynote speaker, Nic Sheff, whose heartbreaking and inspiring struggle with substance abuse was the subject of the Amazon movie, *Beautiful Boy*. Starring Timothée Chalamet as Nic and Steve Carell as his father, David, the film which received a Golden Globe nomination is based on the bestselling memoirs by Nic (*Tweak*) and David (*Beautiful Boy*). Nic and David have written a new book called *High: Everything You Want to Know About Drugs, Alcohol, and Addiction*. This book is written for tweens and teens and draws on personal experiences, includes facts on drugs and alcohol, shares ways to navigate peer pressure and explains potential consequences of experimenting.

The money raised through sponsorships, ticket sales and the silent auction at the 31st Annual Jim Bradshaw Memorial Stars in Recovery Luncheon supports a significant portion of The Council's operating budget. **Your contribution will free up program dollars to provide more direct services including screenings, assessments and outpatient services for addiction and substance use disorder, counseling for veterans and their families, and prevention education for at risk children and youth.**

Whether you participate as a sponsor, purchase a table for your business or friends, or donate a product or service to our Silent Auction, partnering with Recovery Resource Council puts your name in front of 800 of North Texas's key business leaders and philanthropists who attend our luncheon.

Please review the attached menu of opportunities available. For more information or a specialized opportunity, please contact Nicole Miller at 214-522-8600, or via email at [n.miller@recoverycouncil.org](mailto:n.miller@recoverycouncil.org). Visit our website to purchase your tickets at [www.recoverycouncil.org](http://www.recoverycouncil.org). Thank you for your continuing support!

Sincerely,

A handwritten signature in blue ink that reads "Eric R. Niedermayer".

### Featured Speaker: Nic Sheff

Nic Sheff is the bestselling author of the addiction memoirs *Tweak* and *We All Fall Down*, and the subject of his father's bestselling memoir, *Beautiful Boy*. His first novel, *Schizo*, was published to critical acclaim in 2014. He has appeared on *The Oprah Winfrey Show*, CNN with Sanjay Gupta, ABC with Diane Sawyer, *Fresh Air* with Terry Gross, and *The Today Show*. His articles have been published in *Newsweek*, *Nerve*, *Wired*, *The San Francisco Chronicle*, and *Vanity Fair*. Nic was a writer on AMC's *The Killing*, Freeform's *Recovery Road*, and Netflix's *13 Reasons Why*. He has developed TV series with Warner Brothers, USA, Amazon, and Paramount Television. He travels around the country speaking about addiction and recovery. Nic has been sober over nine years and lives with his wife and two hound dogs (and one cat) in Los Angeles, CA.

Nic's story was featured on the movie *Beautiful Boy*. The movie starring Steve Carell and Golden Globe, Screen Actors Guild and Critics' Choice nominee Timothée Chalamet, chronicles the heartbreaking and inspiring experience of survival, relapse, and recovery in a family coping with addiction over many years. Based on the best-selling memoirs from David and Nic Sheff.

Check out the movie trailer at: <https://www.beautifulboy.movie/videos/>. The movie is available on Amazon Prime. Also check out an interview Nic did with *The Today Show* at: <https://bit.ly/2FE2Abw>. Nic and David have written a new book called *High: Everything You Want to Know About Drugs, Alcohol, and Addiction*. This book is written for tweens and teens and draws on personal experiences, includes facts on drugs and alcohol, shares ways to navigate peer pressure and explains potential consequences of experimenting.
