

HealthCare Navigator (SSVF)

Full-Time

Recovery Resource Council is seeking a full-time Master Level Social Worker to provide specialized case management and care coordination to the Supportive Services for Veteran Families (SSVF) program in the Fort Worth area.

The ideal candidate will provide services that include connecting Veterans to VA health care benefits or community health care services where Veterans are not eligible for VA care. SSVF health care navigators provide case management and care coordination, health education, interdisciplinary collaboration, coordination, and consultation, and administrative duties. SSVF Healthcare Navigators work closely with the Veteran's primary care provider and members of the Veteran's assigned interdisciplinary treatment team.

The SSVF health care navigator works closely with the Veteran's assigned multidisciplinary team, including medical, nursing, and administrative specialists, and case management personnel. The SSVF health care navigator works within this team to provide timely, appropriate, Veteran centered care equitably. The SSVF health care navigator works collaboratively with the team and the Veteran to identify and address systems challenges for enhanced care coordination as needed.

The selected candidate would have the following competencies

- Non-Clinical Assessment
- Health Care Team and Veteran Communication
- Specialized Case Management and Care Coordination
- Health Education
- Interdisciplinary Collaboration, Coordination and Consultation
- Administrative Duties and Systems Improvement

Qualifications

Education and/or Experience:

Master's level social work with 2 years' experience in HealthCare related field.

Certificates, Licenses or Registrations:

Licensed Clinical Social Worker (LCSW) or equivalent.

Interested parties should email their resumes to HR@recoverycouncil.org
