

Full Time Outpatient Counselor:

Recovery Resource Council is seeking to hire a full time Licensed Chemical Dependency credentials (or Counselor Intern), to provide evidence based and individual and group counseling for substance use disorder in intensive/supportive outpatient treatment. This position may involve some evening or weekend hours. Clients served will include clients who meet diagnostic criteria for substance use disorder and may have co-occurring mental health or trauma. Cultural competency with Military/Veterans and first responders and/or Department of Family and Protective Services is a plus. This position provides only telehealth services at this time. Proof of full COVID vaccination is required prior to being considered for employment at Recovery Resource Council.

Duties and responsibilities:

Provides evidenced-based treatment intervention to individuals seeking outpatient treatment for substance use disorder using the Seeking Safety curriculum. All services provided will be Trauma Informed. May require some evening or weekend hours. Must be a Licensed Chemical Dependency Counselor (LCDC), that is “exempt” as defined by the Texas Commission on Alcohol & Drug Abuse. Full licensure is preferred but will consider provisionally licensed clinicians under clinical supervision. Master’s level clinician (or provisionally license) is preferred but not required.
